SUGAR MEN LOST A POINT.

Judge McComas Denies the Appli-

cation for a Mandamus.

(By Associated Press.)

WASHINGTON, Oct. 12.—Judge McComas, of the District Supreme Court, denied to-day, the application of the Miles Sugar Company, of Louisiana, for a mandamus to compel Secretary Carlisle to appoint inspectors to ascertain the sugar production of the Company. The Object of the suit, it is understood, was to test the legality of the recent repeal of the sugar bounty provision of the McKiniey law, and also to lay the foundation for an appeal to Congress for payment of bounty for the current year. The Court holds that: "The sugar bounty is not a 'right' or 'liability' intended to be saved by the general repealing clause, it is a bounty dependent upon public policy and the good faith of Congress and always under legislative control. It appears that Congress has exercised this system of sugar bounty, and has repealed the incidental provision for supervision and inspection of sugar production, on which provision this Company now rests its petition for the wirt of mandamus.

The only obstacle to the consummation of such a plan is the assertion that the Princeton Faculty objects to the Tigors playing Pennsylvania in this city. But as President Patton, Dean Murray and other authorities at Princeton agention are entirely willing to have Princeton play Yale here on Thanksglving Day, doubtless the Faculty will yield to the wishes of the teams and the desires of the patrons and admirers of the two institutions.

Spring meeting will open on April 16 and continue to April 27. Eight stakes favorites had not made a clean sweep in two years.

The difference between Taral and Midgley was well illustrated yesterday, when Salvation easily turned the tables on Brandywine. With Taral up Salvation would have won the Dunmow. It is strainge that such a good judge as Matt Byrnes should be content to ride Midgley and Lamly.
